

Atilla Kuzu / Turkey

Outline

What is in common in this collection is linear simplicity, which is well expressed in many parts such as finely upholstered backrest corners and straight-lined table legs. As seen in the silhouette of the low cabinet, and in the function that a part of the backrest is removed to work as arm cushions, it's simple but still dynamic and functional.

● Sofa Bench

You can make a huge L-shape sofa set by combining this with a sofa; a huge long seater with a full-back one-arm sofa; a huge plain bench if lining up two pieces side by side.

● FB One Arm

The full-back one-arm sofa is simply a half-cut sofa. It's more movable and flexible to make various sofa sets by combining with other modules.

● SB One Arm

The short-back one-arm sofa. It's more flexible and accessible due to the shorter backrest, compared with the full-back type. It can be used as a stand-alone one-arm sofa.

● Ottoman 75

Ottoman with the beauty of straight line standing out by its simplicity. The leg width looks different depending on the angle you look at it from. It's useful to make a wide variety of sofa sets for a comfortable living space.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

Size description for chairs and tables

Diagram showing chair dimensions: w (width), d (depth), h (height), ah (arm height), sh (seat height).

Diagram showing table dimensions: w (width), wbl (width between legs), d (depth), h (height), h1 (height from floor to bottom of top board), h2 (height from floor to cross pieces of top board), t (thickness), dia (diameter).

w width
d depth
