

Katsuhiko Osaka / Japan

Outline

Designed by Katsuhiko Osaka, Sori is a rocking chair that won the grand prize in the International Furniture Design Competition in 1993. The shape was born in the inspiration from a snow sled; the back is adjustable to support your back in five angles; the leather-belt arms support your body when rising from the chair.

Grain

Random match  
Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match  
Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
